Ex. 5 - Deliberative Process

McCollum Q119: How will EPA increase its support to state and local agencies to perform those scientific assessments on a case-by-case basis?

McCollum Q120: How will EPA ensure that adequate health protection that follows the health evidence results for all Americans including vulnerable populations like pregnant women, infants, children, and seniors to protect them from these known and emerging hazards?

If Q119 and 120 were part of the highlighted yellow list I got, we should take a stab at it as well.

Thanks!!

Nancy, OPPT is also working on a number of QFRs, including Q102 in your list. FYI, Q119 and Q120 are being handled in ORD. Typically, OCFO runs the process for coordinating responses to the budget/approps QFRs, and they work directly with the OCSPP budget shop and other AAs to make sure everything is covered. We expect to have drafts for all OCSPP assignments ready for review in the OCSPP/IO tomorrow AM.

Thanks,

Ryan

Working w/ OPP to get responses on chlorpyrifos. (also, there were a few other budget related QFRs that OPP is drafting responses to, I'll forward that email as an FYI).

Importance: High

For the Administrators QFR can I get draft responses by **10am Thursday**? Sadly it's a short turnaround, but only 5.

Thanks!
